Veitchi ~ Metsec Charity Cycle

Yesterday, Sunday 12th September saw a combine of Veitchi and Metsec staff take to their bikes as part of a 51 mile charity cycle ride in aid of Maggie's Centres.

In case you don't know the faces they are (from left to right) Andrew Waddell (Metsec), David Christie (VI),

Jim Young (who doesn't know Jim?), Adrian Bellingham (Metsec), Colin Kennedy (VI) and Gary Mortimer (VI).

The group were part of nine THOUSAND entrants apparently up 2000 from last year where the combined total raised was over 2 million.

This year, with the help of Veitchi and Metsec, they hope to raise a much greater sum.

This article was prepared on Monday 13th after all completed the cycle safely and there is no truth in the rumour that the writer/photographer found the group before the race seated on the grass with a case of lager and, while everyone knows Jim Young, he was given an entry number—just don't ask where he pinned it!

Have you given any money to this charity? It is not too late to do so. You can go online at www.justgiving.com/metsec-veitchi-team and donate as much as much as possible and please donate, no matter how small.

Special points of interest:

- TEAM TARGET AMOUNT IS £1,000.00
- AMOUNT RAISED SO FAR EXCEED £2,900.00
- VOLUNTEERS FOR NEXT YEAR REQUIRED— ESPECIALLY WOMEN

Maggie's Centres

Maggie's Cancer Centres were set up and named after inspirational co-founder Maggie Keswick Jencks in 1993.

Sadly, Maggie Jencks did not survive to see the enormous success of her idea to provide a place where people with cancer can go for advice and support.

No appointment is necessary and everything is free.

The centres are for those with cancer but also for those carers and family of cancer sufferers.

For more information check the website www.maggiescentres.org or email them at enquiries@
